## MULTIVITAMINIC CLEANSING MILK

*Collagen-Vitamin E*

*Format 250 ml. and 500 ml.*

Gentle cleansing milk suitable for all skin types. It removes makeup and cleanses in depth. Enriched with Vitamin E and Collagen, it is an excellent product for the preparation of specific creams treatment application.

## VITAMIN E

Vitamin E, present in nature, is able to hamper the free radicals, the main responsible for the skin aging process. Easily absorbable, it strengthens and nourishes the skin tissue, making it stronger and more robust.

## COLLAGEN

Essential molecule for the connective tissue health. It increases the tissue firmness, preventing the excessive dehydration.

### **DIRECTIONS FOR USE:**

Apply with circular movements on the face, neck and décolleté. Remove with water and then use the tonic of the same line.

## MULTIVITAMINIC TONIC Marigold - Vitamin E

*Format 250 ml. and 500 ml.*

Very gentle tonic, suitable for all skin types. It refreshes, moisturizes and leaves a sensation of freshness and cleanliness on the skin. Enriched with Calendula and Vitamin E, it performs a calming and "anti free radicals" action, helping to get a tonic, bright and youthful face.

### VITAMIN E

Vitamin E, present in nature, is able to hamper the free radicals, the main responsible for the skin aging process. Easily absorbable, it strengthens and nourishes the skin tissue, making it stronger and more robust.

### MARIGOLD

Calendula officinalis extract, obtained from the plant's flower, has a strong calming, soothing and decongestant action. Ideal for the cleansing treatment of sensitive and reactive skins.

#### **DIRECTIONS FOR USE :**

Apply padding gently with a cotton ball or cotton pad on face, neck and décolleté after using the cleansing milk from the same line.

## ALOE VERA CLEANSING MILK Aloe Vera - Marigold

*Format 250 ml. and 500 ml.*

Cleansing milk suitable for oily and impure skins. It removes makeup and deeply cleanses the face skin by removing impurities, excess of sebum and black spots. Enriched with Aloe Vera and Marigold, it prepares face for specific creams treatment application.

## ALOE VERA

The oxidative stress favoured by chemical, physical, biological, mental and nutritional factors, accelerates the physiological process of cells aging and it is the main responsible for several degenerative diseases. The minerals such as manganese, copper and selenium, contained in the Aloe Vera juice, are the main enzymes components, which are important antioxidant agents able to hinder the cells aging.

## MARIGOLD

Calendula officinalis extract, obtained from the plant's flower, has a strong calming, soothing and decongestant action. Combined with Aloe Vera it also performs astringent and anti-inflammatory activity, making the product ideal for the cleansing treatment of sensitive and reactive skins.

### **DIRECTIONS FOR USE:**

Apply with circular movements on the face, neck and décolleté. Remove with water and then use the tonic of the same line.

## AQUA MICELLARE with Goji Berries - All Skins -

*Format 250 ml.*

Cleansing water for face, eyes and lips with Goji berries. With rapid gesture it cleans deeply, captures make-up and impurities, leaving the skin tonic, moisturized and cleansed. The antioxidant power of Goji Berries counteracts the signs of aging by acting in depth making facial contours more compact and filling small wrinkles. It removes even water resistant make-up and can be used as simple daily cleaner.

## BISABOLOL

Thanks to its properties, it is particularly suitable for sensitive and delicate skins. It is effective as soothing for the inflamed, red skins, suffering from atopic and seborrheic dermatitis and irritations, and generally in skin pigmentation disorders, such as solar lentigo, senile lentigo and melasma.

## VITAMIN E

The Vitamin E, made of tocopherols, is the antioxidant vitamin par excellence. It protects the cells membranes lipids, acts a moisturizing, anti-inflammatory and soothing action and slows down the photo-aging.

## GOJI BERRIES

The precious Goji berries, also known as "berries of happiness", contain a multivitamin complex made of b, c, e vitamin, zinc, selenium, germanium, magnesium and omega 3-6, which acts an important antioxidant, anti-aging and repairing action. The antioxidant molecules contained in the Goji berries help fighting free radicals, protect tissues from polluting agents and from the appearance of sun spots.

### **DIRECTIONS FOR USE:**

Apply on the skin with a cotton pad. It is recommended to leave the cotton pad on the eyelids for a few seconds, to remove eye make-up. If necessary, dab the skin with a cotton pad soaked in water.

## FRUIT'S ACIDS FACE SCRUB Fruit's Acids - Jojoba oil - Allantoin - Apricot Kernels

*Format 150 ml.*

Face scrub based on fruit's acids, Jojoba oil, apricot kernels and Allantoin. It promotes a gentle and deep cleansing of the skin by stimulating cell renewal and the production of collagen and elastin. It gives the face skin a brighter and uniform aspect.

### FRUIT'S ACIDS

The alpha-hydroxy acids and other fruit's acids are known for their exfoliating and antioxidants properties. They promote the epidermis renewal, stimulating at the same time the collagen's production in the dermis, giving the skin a more uniform and radiant aspect. They dissolve the links between dead and alive cells, facilitating their removal, and penetrate deeply, promoting collagen fibers and elastin repair.

### JOJOBA OIL

Jojoba oil has emollient, moisturizing and protective properties for skin PH. It helps regulate sebaceous secretions and it's also excellent as anti-wrinkles, disinfectant and natural antifungal.

### ALLANTOIN

Allantoin, besides moisturizing and anti-reddening properties, plays an exfoliating action promoting cell proliferation.

### APRICOT KERNELS

The circular fragmentation of apricot kernels helps to rebalance the sebum secretion, removing black points and excess sebum.

#### **DIRECTIONS FOR USE :**

Apply on face, neck and décolleté with gentle circular movements and remove with humid little sponges.

## FACE SCRUB Apricot Kernels

*Format 250 ml. and 500 ml.*

Scrub made with finely crushed apricot kernels. It removes dead skin cells gently but deeply, by encouraging tissue regeneration. Thanks to the circular fragmentation of apricot kernels, it helps to rebalance sebum secretion, removing black points and sebum excess. It leaves the skin pores free to "breathe", giving a fresh and clean sensation. This product with stable and non-invasive qualities is also suitable for sensitive and with teleangectasie (dilation of small blood vessels) skins.

## APRICOT KERNELS

The circular fragmentation of apricot kernels helps to rebalance the sebum secretion, removing black points and excess sebum.

### **DIRECTIONS FOR USE:**

Apply on face, neck and décolleté with gentle circular movements and remove with moist little sponges.

## GOMMAGE FACE CREAM with Goji Berries - All Skins -

*Format 150 ml.*

Face gommage based on Goji Berries, Jojoba oil and apricot kernels. It promotes a gentle and deep cleansing of the skin by stimulating cell renewal and the production of collagen and elastin. Rich of precious active antioxidant principles, highly concentrated, it gives the face skin a brighter and uniform aspect.

### JOJOBA OIL

Jojoba oil has emollient, moisturizing and protective properties for skin PH. It helps regulating sebaceous secretions and it's also excellent as anti-wrinkles, disinfectant and natural antifungal.

### ALLANTOIN

Allantoin, besides moisturizing and anti-reddening properties, plays an exfoliating action promoting cell proliferation.

### APRICOT KERNELS GOJI BERRIES

The circular fragmentation of apricot kernels helps to rebalance the sebum secretion, removing black points and sebum excess.

## ANTI AGE SYNERGY Collagen - Vitamin E Quick Lift - Guarana - Ginseng

*Format 30 ml.*

Extraordinary synergy with strong anti-aging qualities. The formulation of this concentrate stimulates the cellular mechanisms and the production of collagen. The extracts of Guarana and Ginseng activate the microcirculation improving oxygenation of the tissue.

### VITAMIN E

Tocopherols make Vitamin E antioxidant vitamin for excellence, giving it the ability to protect the lipids of cell membranes. Topically alpha-tocopheryl acetate well conveyed has a moisturizing, soothing and anti-inflammatory action, reduces the formation of lipoperoxides and slows down the photoaging.

### GUARANA'

The Paullinia Cupana, commonly called Guarana is a characteristic shrub of the Amazon rainforest that produces the so-called "Fruits of Youth, berries rich of choline, catechins, tannins and caffeine. These substances stimulate circulation, improving the oxygenation of the tissues and the production of collagen and elastin.

### COLLAGEN

Essential molecule for the health of connective tissue. Provides the skin an important hydration improving firmness and elasticity.

### GINSENG

Phytoestrogens, contained in the extract of Ginseng, stimulate the production of fibroblasts and increase the production of collagen. The result is an immediate anti-wrinkle and firming effect. The skin tissue is tonic, elastic and rejuvenated.

#### **DIRECTIONS FOR USE:**

Can be used pure, in small quantities, gently massaging the face, neck and décolleté or mixed with other products of the same Skin System's cosmetics professional line to enhance the effectiveness. The result is a smooth, soft and silky skin.

## SYNERGY OIL FOR DRY SKIN Acqua di Rosa Centifolia - Hop - Blueberry

*Format 30 ml.*

Synergy shock effect for dry skin. Rich of plant extracts of Hop, Blueberry and Rosa centifolia water, is presented as an essential product for the treatment of sensitive and irritated skin. Thanks to the strong decongestant and soothing cranberry rose, this synergy plays a strong remedial action, generating a feeling of freshness, hydration and wellness.

### HOP

Hops extracts stimulate the activity of cellular components of the connective tissue, resulting in eutrophic and regulatory activities at the level of the dermis and epidermis. The hops produce a sensational effect softening, moisturizing and rejuvenating the skin.

### BLUEBERRY

Suitable for the treatment of reddened, fragile and sensitive skins. In fact plays a soothing on the delicate and prone to redness skins, protecting their balance and strengthen their natural defenses and improving the appearance.

### ACQUA DI ROSA CENTIFOLIA

Pectins, contained in the extract of centifolia, have the ability to absorb significant amounts of water holding it inside them. Applied on the skin surface, the synergy form a thin layer hydrolipidic able to release the amount of water required by the horny layer, thus giving elasticity and long-lasting moisturizing to the skin.

#### **DIRECTIONS FOR USE:**

Can be used pure, in small quantities, gently massaging the face, neck and décolleté or mixed with other products of the same Skin System's cosmetics professional line.

## ANTI-AGE FACE CREAM STEM CELLS Stem Cells Apple - Vitamin E - Quick Lift

*Format 50 ml. 100 ml. and 250 ml.*

Thanks to stem cells of Apple, this valuable compound effectively fights the signs of aging. It leaves skin soft and silky to the touch. It extends the "wrinkles" of expression and helps to regain a more youthful appearance in a short time. In synergy with Vitamin E, it plays an important "Quick Lift" effect on the tissues, contrasting the tissues' lack of tone.

## APPLE STEM CELLS

The active plant stem cells of apple "Malus domestica" are extracted from a rare Swiss apple variety (Uttwiler Spatlauber), very rich of phytonutrients and proteins. These cells, obtained by biotechnology, induce new keratinocytes formation and stimulate fibroblasts, ensuring biochemical processes activation, responsible for the complete skin regeneration.

## VITAMIN E

The E vitamin, fat-soluble, is composed of a group of components called tocopherols; it is the antioxidant vitamin par excellence. In this special chemical formulation, it is easily channelled in the tissues, thus being able of quickly providing the supply of nutrients necessary to the protection of cell membranes fat, slowing down the physiological aging.

### **DIRECTIONS FOR USE:**

Spread a small quantity of product on the face, neck and décolleté with a gentle massage until completely absorbed. Apply morning and evening.

## PERFORMING ANTI-AGING FACE CREAM with Goji Berries - All Skins -

*Format 50 ml. and 250 ml.*

Performing face cream with Goji berries. Rich in precious natural antioxidant active ingredients, highly concentrated. It stimulates collagen production, renews, restores and protects tissues from harmful agents and fights the appearance of sunspots. It fills fine lines, smoothes and makes facial features more compact leaving the skin firm, nourished and radiant.

### VITAMIN E

The Vitamin E, made of tocopherols, is the antioxidant vitamin par excellence. It protects the cells membranes lipids, acts a moisturizing, anti-inflammatory and soothing action and slows down the photo-aging.

### GOJI BERRIES

The precious Goji berries, also known as "berries of happiness", contain a multivitamin complex made of b, c, e vitamin, zinc, selenium, germanium, magnesium and omega 3-6, which acts an important antioxidant, anti-aging and repairing action. The antioxidant molecules contained in the Goji berries help fighting free radicals, protect tissues from polluting agents and from the appearance of sun spots.

#### **DIRECTIONS FOR USE:**

Spread a small quantity of product on the face, neck and décolleté with a gentle massage until completely absorbed. Apply morning and evening.

## FACE CREAM JALURONIC ACID Jaluronic Acid - Collagen

*Format 50 ml.*

High concentrated Hyaluronic Acid face cream. It redefines and rebuilds the oval shape of the face. It reduces the small wrinkles. It gives a bright, youthful and relaxed effect to your skin.

## HYALURONIC ACID

In this special chemical formulation, the hyaluronic acid is easily absorbed by the connective tissue, helping the repairing and reconstructing process of the connective tissue. Being arranged in the connective space of the amorphous matrix in the form of reticulum aggregate capable of absorbing and rake a large number of water molecules, it ensures the degree of hydration, firmness, plasticity and viscosity essential for the maintenance of a youthful skin . As impact effect molecule, it joints the tissues, repairing the signs of aging and preventing the cells damage, directly from inside the tissues.

## COLLAGEN

The Collagen, a protein found in the human body and in the connective tissues, is responsible for dermis' protection and welfare. In combination with other active plant ingredients contained in this compound, it offers an important hydrating, firming and toning action on skin tissues.

### **DIRECTIONS FOR USE:**

Spread a small quantity of product on the face, neck and décolleté with a gentle massage until completely absorbed. Apply morning and evening.

## OILY SKIN FACE MASK ALOE VERA Aloe Vera - Bisabolol - Collagen

*Format 100 ml. and 250 ml.*

Cleansing mask suitable for oily skin. It helps cells renewal. Detoxifying, healing, antibacterial and sebum regulating, it fights oily skin and restores the hydrolipid film giving the tissue a compact and homogeneous aspect.

### ALOE VERA

The oxidative stress favoured by chemical, physical, biological, mental and nutritional factors, accelerates the physiological process of cells aging and it is the main responsible for several degenerative diseases. The minerals such as manganese, copper and selenium, contained in the Aloe Vera juice, are the main enzymes components, which are important antioxidant agents able to hinder the cells aging.

### COLLAGEN

Essential molecule for the connective tissue health. It gives an important hydration to the skin, improving firmness and elasticity.

### BISABOLOL

Thanks to its properties, it is particularly suitable for sensitive and delicate skins. It is effective as soothing for the inflamed, red skin, suffering from atopic and seborrheic dermatitis and irritation, and generally in skin pigmentation disorders, such as solar lentigo, senile lentigo and melasma.

#### **DIRECTIONS FOR USE:**

Apply the product evenly on the face and neck. Leave on for about 10 minutes, then remove with warm water.

## NORMAL SKIN FACE MASK ARGAN-BIO Argan Bio Oil - Vitamin E - Bisabolol

*Format 100 ml. and 250 ml.*

Cleansing mask with BIO Argan Oil and Vitamin E, suitable for all skin types. It helps cells renewal and cleanses deeply, giving a bright and youthful aspect.

### BISABOLOL

Thanks to its properties, it is particularly suitable for sensitive and delicate skins. It is effective as soothing for the inflamed, red skin, suffering from atopic and seborrheic dermatitis and irritation, and generally in skin pigmentation disorders, such as solar lentigo, senile lentigo and melasma.

### VITAMIN E

The E vitamin, fat-soluble, is composed of a group of components called tocopherols; it is the antioxidant vitamin par excellence. In this special chemical formulation, it is easily channelled in the tissues, thus being able of quickly providing the supply of nutrients necessary to the protection of cell membranes fat, slowing down the physiological aging.

### ARGANIA SPINOSA

Argan oil, used in cosmetics, has extraordinary antioxidant, emollient, moisturizing and strongly elasticizing properties. It is one of the most important oils for the skin rejuvenation, thanks to its content of vitamin E and other essential fatty acids. This very precious oil, extracted from the fruits of the Argania Spinosa plant, growing in the south of Morocco, has been used for thousands of years by Berber women as a beauty elixir.

#### **DIRECTIONS FOR USE:**

Apply the product evenly on the face and neck. Leave on for about 10 minutes, then remove with warm water.

## ANTI-AGING FACE MASK STEM CELLS Apple Stem cells - Quick Lift

*Format 100 ml. and 250 ml.*

Cleansing mask with extraordinary Apple Stem Cells anti-aging quality. It helps cell renewal and deeply cleans, giving a bright and youthful aspect. It produces a strong anti-aging and anti wrinkle shock-action.

## APPLE STEM CELLS

The active plant stem cells of apple "Malus domestica" are extracted from a rare Swiss apple variety (Uttwiler Spatlauber), very rich of phytonutrients and proteins. These cells, obtained by biotechnology, induce new keratinocytes formation and stimulate fibroblasts, ensuring biochemical processes activation, responsible for the complete skin regeneration.

## VITAMIN E

The E vitamin, fat-soluble, is composed of a group of components called tocopherols; it is the antioxidant vitamin par excellence. In this special chemical formulation, it is easily channelled in the tissues, thus being able of quickly providing the supply of nutrients necessary to the protection of cell membranes fat, slowing down the physiological aging.

## SIN AKE SENSITIVE AND DRY SKINS FACE MASK

Syn Ake - Vitamin A -  
Collagen

*Format 100 ml. and 250 ml.*

Cleansing mask suitable for dry and sensitive skin. It helps cell renewal and deeply cleans, giving a bright and youthful aspect. Due to its composition and synergy with Vitamin A and collagen, it moisturizes and fights wrinkles and signs of aging. Particularly suitable for skins over 30.

## VITAMIN A

Vitamin A, also called retinol, is essential for the maintenance and development of connective structures. It plays a strong preserving action of the skin turgidity and at the same time it repairs dehydrated and cracked tissues

## SYN-AKE

This active ingredient of technological origin mimics the function of the peptide, derived from the whey of viper, which inhibits the muscles contractions responsible for facial expressions, smoothing and preventing wrinkles and giving the face a more compact and defined outline.

### **DIRECTIONS FOR USE:**

Apply the product evenly on the face and neck. Leave on for about 10 minutes, then remove with warm water.

## BODY SCRUB Apricot kernels

*Format 500 ml.*

Gel scrub based on finely crushed apricot kernels specific for body cleaning and cleansing before treatments. It gently and deeply removes dead skin cells by encouraging tissues regeneration. Thanks to the circular fragmentation of apricot kernels, it helps to rebalance the sebum secretion, removing black points and excess sebum. It leaves the skin pores free to "breathe" giving a sensation of fresh, toned and clean. It is a product with stable and non-invasive qualities, also suitable for sensitive and with teleangectasie (dilation of small blood vessels) skins.

### APRICOT KERNELS

The circular fragmentation of apricot kernels helps to rebalance the sebum secretion, removing black points and excess sebum.

#### **DIRECTIONS FOR USE:**

Take the required quantity of product and vigorously massage it directly on the skin.

## FRUIT'S ACIDS BODY SCRUB Fruit's acids - Jojoba Oil - Apricot Kernels

*Format 250 ml.*

Scrub body cream-based fruit's acids, jojoba oil and apricot kernels specifically for cleaning and cleansing of the body before treatments. It removes gently but deeply dead cells favoring tissue regeneration and while stimulating the production of collagen and elastin in the dermis. Gives the skin a more even and radiant.

### FRUIT'S ACIDS

The alpha-hydroxy acids and other fruit's acids are known for their exfoliating and antioxidants properties. They promote the epidermis renewal, stimulating at the same time the collagen's production in the dermis, giving the skin a more uniform and radiant aspect. They dissolve the links between dead and alive cells, facilitating their removal, and penetrate deeply, promoting collagen fibers and elastin repair.

### JOJOBA OIL

Jojoba oil has emollient, moisturizing and protective properties for skin PH. It helps regulate sebaceous secretions and it's also excellent as anti-wrinkles, disinfectant and natural antifungal.

### APRICOT KERNELS

The circular fragmentation of apricot kernels helps to rebalance the sebum secretion, removing black points and excess sebum.

#### **DIRECTIONS FOR USE:**

Take the required quantity of product and vigorously massage it directly on the skin. Remove with humid sponges.

## CELLULITE SEA CRYSTALS Horse Chestnut - Ivy - Sea Salt

*Bottle 125 ml. - Tin 375 gr.*

Product based on sea salt and vegetable extracts. This precious combination ensures not only a perfect skin tissue's cleaning, but also a significant micro-circle's stimulation, facilitating the exchange of oxygen and carbon dioxide between the cells of the skin and connective layer.

### IVY

The Ivy's extract has draining and micro-circle reactivating properties.

### HORSE CHESTNUT

In cosmetics the horse chestnut seeds extract is used for its vasoprotective, anti-inflammatory and draining properties which allow it to have an important relaxing, toning and soothing action. It is particularly suitable for treatments aimed at the cure of lower limbs affected by edema, cellulite and other microcirculation's defects.

### SEA SALT

The sea salt has draining and remodeling properties since, penetrating through the skin by osmosis, it frees the tissues from the excess of liquids and it reactivates the mechanisms of fat's disposal.

#### **DIRECTIONS FOR USE:**

Mix the activator liquid with the salt. Take the required amount of product with a wooden spatula, taking care of having previously mixed it. Vigorously massage with circular motions especially on the areas particularly affected by blemishes. Rinse with water.

## CELLULITE BODY SYNERGY Lemon - Lavender - Pinus Pimillo - Foeniculum vulgar oil

*Format 30 ml.*

Valuable compound of essential oils indicated for the shock-treatment of tissues affected by cellulite's blemishes. The synergy of these essences exerts a strong lipolytic action by stimulating the micro-circle and the basal metabolism.

### LEMON

The lemon has important draining properties, it stimulates the micro-circle and helps to awaken the fats' metabolism. The high concentration of vitamin C, makes it a valuable help to restore and strengthen the veins' vestibule.

### LAVENDER

The lavender's essential oil has many therapeutic properties, the best known is the relaxing, anti-depressive and healing one. It works actively on the contractions and stimulates the metabolism of liquids.

### PINUS PUMILLO

Plant known as wild fennel, with remarkable toning properties. In synergy with the other extracts it amplifies the lipolysis phase.

### FOENICLUM VULGARE

This essential oil stimulates micro-circle and blood oxygenation, with the consequent increasing of the lipolytic activity.

The particular texture favors the practice of manual massage and guarantees a high product yield.

### LEMON

Lemon has draining properties, stimulating microcirculation and fats' metabolism. The high concentration of vitamin C, makes it a valuable help to restore and strengthen the veins' vestibule.

### RUSCUS

The Butcher's broom (*Ruscus Aculeatus*) has a strong phlebotonic activity, promotes venous tone and gives elasticity to vessel walls. It reduces the excessive capillary permeability which causes lymphatic stagnation, cause of the annoying cellulite's blemish. Useful in cases of capillary fragility. It also has significant diuretic properties capable to reduce water retention, cause of the uncomfortable limbs' swelling.

### SAGE

The *Salvia Officinalis* plays an important general toning, antiseptic, antispasmodic, antiperspirant and diuretic action.

### ALGA LAMINARIA

The *Alga Laminaria* is considered the seaweed par excellence, with important properties. It increases the basal metabolism, promotes the interstitial fluids' circulation by progressively reducing cellulite's blemishes and restoring tone to the tissues with immediate visible results. For this reason it is useful as an aid in the localized slimming's treatments.

#### **DIRECTIONS FOR USE:**

Take the required quantity of product. Massage with circular movements the part affected by blemishing. Proceed with the most appropriate massage technique.

## WARMING MASSAGE CREAM

Ivy - Horse Chestnut -  
Algae - Caffeine - Guaranà

*Format 250 ml. and 500 ml.*

Cream rich in plant extracts active against skin imperfections caused by cellulite and localized adiposity. It has a strong warming action during the application to allow a greater effectiveness of actives. It leaves the skin soft, smooth and toned. It is applied sparingly with a gentle massage concentrating on the parts most afflicted by blemishes. It absorbs quickly and thanks to its balanced formula it has a high yield and speed of application.

**IVY:** Its astringent action favors the absorption of fluids in excess which permeate the subcutaneous tissues, favoring the venous microcirculation and toning the tissues.

**HORSE CHESTNUT:** In cosmetics the horse chestnut seeds extract is used for its vasoprotective, anti-inflammatory and draining properties. It is particularly suitable for treatments aimed at the cure of lower limbs affected by edema, cellulite and other microcirculation's defects.

**CAFFEINE:** The Caffeine plays an important lipolytic action, splitting the fat contained in the adipose cells. It gives the skin elasticity and plasticity, improving its tone and reducing localized fat deposits and the annoying orange peel skin.

**GUARANA':** The Cuban Paullinia, commonly called Guarana, is an Amazonian shrub containing choline, catechins, tannins and caffeine. These substances stimulate the thermogenesis, a process by which there is an increase in energy consumption which helps the weight loss. The thermogenesis induced by cosmetic oils and supplements based on Guarana stimulates the adipose tissue and promotes the dissolution of localized fat's deposits.

**ALGA LAMINARIA:** The Alga Laminaria is considered the seaweed par excellence, with important properties. It increases the basal metabolism, promotes the interstitial fluids' circulation by progressively reducing cellulite's blemishes and restoring tone to the tissues with immediate visible results. For this reason it is useful as an aid in the localized slimming's treatments.

## FIRMING EFFECT CREAM Centella - Horse Chestnut - Carrot - Sage

*Format 250 ml. and 500 ml.*

Special phytotherapeutic compound aimed at treating the sagging skin's blemishes. Particularly indicated in cases of diets or quick weight loss. The soft textures allows fast and functional massages. It absorbs quickly, non-greasy and leaves the skin smooth, soft and toned.

### HORSE CHESTNUT

In cosmetics the horse chestnut seeds extract is used for its vasoprotective, anti-inflammatory and draining properties in dermo-cosmetic products aimed to treat the lower limbs' imperfections, such as edema, cellulite and microcirculation's defects.

### CENTELLA

The Centella is useful to prevent and treat venous insufficiency and the swelling and heaviness of legs and ankles resulting from it. The triterpenoid saponins (asiaticoside, asiatic acid and madecassoside) of which the Centella leaves are rich, improve blood circulation by stimulating the fibroblasts. These latter ones synthesize collagen, essential for the health of skin, connective tissue and blood vessel walls.

### DAUCUS CAROTA SATIVA

This extract is particularly rich in beta-carotene, a precursor of vitamin A and a valuable antioxidant. It prevents the wrinkles formation by restoring the tissue's tone and hydration.

### SAGE

The Salvia Officinalis has numerous recognized healing properties. It is used for the treatment of problems where it can be important its general toning, antiseptic, antispasmodic, antiperspirant and diuretic action.

#### **DIRECTIONS FOR USE:**

Take the required quantity of product. Massage with circular movements the part affected by blemishing. Proceed with the most appropriate massage technique.

## CELLULITE MUD Asiatic Centella - Laminaria - Chlorella Pyrenoidosa - Horse Chestnut

*Format 500 ml.*

The cellulite mud plays a strong action of micro-circle's restoration, favoring the elimination of liquids in excess stagnant in the skin tissues. Thanks to the synergy with other plant extracts, it prevents and progressively diminishes cellulite's blemishes with visible results from the first treatments.

**ASIATIC CENTELLA:** The saponins, of which the Centella leaves are rich, improve venous circulation by stimulating the fibroblasts. These ones synthesize collagen, essential for the health of skin, connective tissue and blood vessel walls. For this reason the Centella is useful to prevent and treat venous insufficiency and it relieves legs' and ankles' swelling and heaviness, veins' pain and nocturnal cramps.

**CHLORELLA PHRENOIDOSA:** The Chlorella is a single-celled alga well known for its ability to allow the body to expel harmful toxins from tissues, by favoring their correct oxygenation, necessary for their youth's maintenance and cells' renewal.

**SAGE:** The Salvia Officinalis has numerous

recognized healing properties. It is important its general toning, antiseptic, antispasmodic, antiperspirant and diuretic action.

**LAMINARIA DIGITATA:** The Laminaria Digitata is a seaweed known and appreciated for its high mineral content and in particular for the abundant presence of iodine. This mineral is essential for a proper thyroid functioning and, therefore, for the regulation of body's metabolism.

**HORSE CHESTNUT:** In cosmetics the horse chestnut seeds extract is used for its vaso-protective, anti-inflammatory and draining properties in dermo-cosmetic products aimed to treat the lower limbs' imperfections, such as edema, cellulite and microcirculation's defects.

**IVY:** The Ivy's extract produces a strong astringent action, favoring the reabsorption of liquids stagnant in the subcutaneous tissue. In addition to draining properties, this extract stimulates the micro-circles activation and produces a relaxing, toning and soothing effect.

**HOPS:** By virtue of their moisturizing, softening and stimulating the epidermal turnover activities, hops extracts are particularly suitable in cosmetic treatments for the prevention and treatment of imperfections due to skin aging, such as loss of tone and skin elasticity.

**HORSE CHESTNUT:** The Horse Chestnut exerts a capillary-protective, decongesting and peripheral micro-circle stimulating action. It is used to give relief to tired and heavy legs, under conditions of peripheral venous insufficiency and phlebotic syndromes. It represents an excellent preventive and treatment action against cellulite.

**DAUCUS CAROTA SATIVA:** Extract particularly rich in beta-carotene, a precursor of vitamin A, valuable antioxidant. It slows down the process of skin aging, by restoring hydration and tissue firmness.

**CENTELLA:** The Centella is useful to prevent and treat venous insufficiency and the swelling and heaviness of legs and ankles resulting from it. The triterpenoid saponins (asiaticoside, asiatic acid and madecassoside) of which the Centella leaves are rich, improve blood circulation by stimulating the fibroblasts. These latter ones synthesize collagen, essential for the health of skin, connective tissue and blood vessel walls.

**GINKGO BILOBA:** The extract of Ginkgo Biloba leaves plays a strong anti-free radicals activity, which is shown by an improvement of cell metabolism and microcirculation functions.

**HORSETAIL:** The Horsetail has many beneficial properties. In this special formulation it has the characteristic of contrasting cellulite, stretch marks and water retention.

**GUARANA:** 'The Paullinia cupana', commonly called Guarana, is an Amazon shrub that contains choline, catechins, tannins and caffeine. These substances stimulate thermogenesis, a process by which there is an increase in energy consumption helping weight loss. Thermogenesis, induced by cosmetic oils and supplements based on guarana, stimulates the adipose tissue and promotes the dissolution of localized fat deposits.

**PANAX GINSENG:** Panax Ginseng stimulates the tissue metabolism, gives tone to cutaneous muscular system and to skin elasticity. The saponins present in the extract are attributed moisturizing and reactivating the peripheral circulation features, and consequently a higher bioavailability of active principles, both at the level of the uppermost layers of the epidermis, both in the deeper ones.

**RUSCUS ACULEATUS:** Suitable for the treatment of sensitive skin, suffering from capillary fragility and couperose, thanks to the beneficial properties in the microcirculation. The strong anti-tyrosinase action occurs in the interstitial fluids and makes the Ruscus Aculeatus extract an effective ingredient to fight cellulite blemishes.

**ROSEMARY:** Its stimulating action acts on the urinary tract and promotes diuresis by improving the drainage of our body's impurities.

**BETULA ALBA:** With soothing and decongestant properties, it is an useful ingredient for the preparation of products alleviating the erythematous manifestations typical of dermatitis. It shows excellent astringent and purifying properties and, thanks to the high content of flavonoids, also decongestants and anti-reddening ones.

*Format 180 ml.*

The particular texture of this product makes the application pleasant and fast. The active ingredients contained therein, provide a valuable aid against localized cellulite's blemishes. The skin immediately results compact, velvety, scented and non-greasy.

#### IVY

The Ivy's extract has the ability to drain, to absorb excess liquids and to reactivate the microcirculation. It produces an important relaxing, toning and soothing action.

#### HORSE CHESTNUT

The Horse Chestnut seeds' extract is known for its vasoprotective, anti-inflammatory and draining properties. It is particularly suitable for treatments aimed at the cure of lower limbs affected by edema, cellulite and other microcirculation's defects.

#### CENTELLA

The triterpenoid saponins (asiaticoside, asiatic acid and madecasoside) of which the Centella leaves are rich, improve blood circulation by stimulating the fibroblasts essential for the health of skin and blood vessel walls. They are particularly suitable to prevent and treat venous insufficiency and the swelling and heaviness of legs and ankles resulting from it.

**DIRECTIONS FOR USE:** Take the required quantity of product and distribute it directly on the areas affected by blemishes. Let it absorb with a gentle massage. Particularly suitable for the continuation of treatments at home.

# Body Line

Butters and Milks

PARABENS, PARAFFINUM, SLS,  
PETROLATUM, SILICONES, SLES,  
HEAVY METALS, ANIMAL DERIVED.

*Format 200 ml. and 500 ml.*

Butter massage rich of A B E vitamins and minerals with numerous properties. It fights skin aging counteracting free radicals, it gives elasticity and smoothness to the skin, preventing the appearance of stretch marks in cases of sudden weight changes. Strong elasticizing, particularly soothing and nourishing, it is indicated in the treatment of dry and arid skins. Excellent during pregnancy and for the baby's skin care.

The Bio Argan oil is a powerful antioxidant, emollient, moisturizing and highly elasticizing. It is one of the most important oils for skin rejuvenation thanks to its content of vitamin E and several essential fatty acids. Extracted from the fruits of Argan tree, which grows only in the south of Morocco, is considered a true elixir of beauty.

Apply the required quantity of product. Proceed with the appropriate massage technique.

### HANDS SCRUB Chamomile - Micronized Apricot Kernels

*Format 250 ml.*

Gentle scrub based on finely crushed apricot kernels. It promotes the cells renewal and the removal of cuticles and impurities. It helps to eliminate brown spots and prepares the hands to the application of the cream from the same line.

#### CHAMOMILE

The flavonoids, composing the chamomile extract, give this product dereddening, soothing and decongestant properties. They stimulate the micro-circle's function and the fibroblasts' activity. These ones promote the synthesis of collagen, elastic fibers and hyaluronic acid, with consequent reparation of epidermis and dermis.

#### APRICOT KERNELS

The circular fragmentation of apricot kernels helps to rebalance the sebum secretion, removing black points and excess sebum.

#### **DIRECTIONS FOR USE:**

Apply a small amount of product on damp skin. Massage until obtain a gentle exfoliating effect. Rinse with water and, if necessary, repeat the application.

### RESTRUCTURING HANDS CREAM Aloe Vera - Marigold - Collagen - Panthenol - Beeswax

*Format 250 ml. and 500 ml.*

Emulsion rich in plant extracts and beeswax. Softens, nourishes and protects hands. It absorbs quickly, not greasy and fights dryness and cracking.

**ALOE VERA:** The Aloe Vera extract has moisturizing, anti-allergic, anti-inflammatory and soothing properties. Thanks to anthracene's polysaccharides contained in it, this product provides cleaning and epidermis regeneration.

**BEESWAX:** The Beeswax, formed by hydrophobic lipids, exerts a protective action of the corneum stratum, by forming on it a hydro-lipid film that prevents the excessive loss of hydration.

**PANTHENOL:** Panthenol is known for its hydrating, softening and soothing properties.

**COLLAGEN:** The Collagen, a protein found in the human body and in the connective tissues, is responsible for dermis' protection and welfare. In combination with other active plant ingredients contained in this compound, it offers an important hydrating, firming and toning action on skin tissues.

**MARIGOLD:** The flavonoids, contained in the marigold extract, exert an anti-inflammatory effect on the sensitive and inflamed skin, stimulate re-epithelialization, accelerate the epidermal turnover and support the dermis fibroblasts' activity by promoting the synthesis of collagen. Also suitable for sensitive skins.

**DIRECTIONS FOR USE:** Apply every day and whenever hands appear dull, dehydrated and flushed with a gentle massage and let it absorb. Exploit the night's rest to derive maximum benefit. It absorbs quickly and is not greasy.

### FEET CREAM Thyme - Lemon - Lavender - Mint

*Format 250 ml. and 500 ml.*

Gentle emulsion based on refreshing, soothing and softening plant extracts. It leaves the foot skin soft, dry and perfumed. Prevents and fights the "bad smell" and promotes the cell renewal.

#### THYME

The thyme exerts an energetic antibacterial and relaxing action. It contains alpha hydroxy acids (AHA) with known moisturizing and exfoliating properties. These ones, increase cells' turnover and stimulate the fibroblasts with a consequent increase in the production of all the necessary elements for maintaining the skin's firmness and elasticity.

#### LEMON

It contains Alpha-Hydroxy-Acids which give elevated moisturizing and exfoliating properties to the skin. In fact, the AHA increase the cells turn over and stimulate the dermis fibroblast with consequent production increase of all elements necessary to maintaining turgidity and elasticity.

#### LAVENDER MINT

It exerts a toning, refreshing and soothing activity.

The peppermint's essential oil has remarkable refreshing, toning, flavoring, purifying and antiseptic abilities.

#### **DIRECTIONS FOR USE:**

Apply with a gentle massage every day and whenever feet appear dehydrated and chapped. Exploit the night's rest to derive maximum benefit. It absorbs quickly and is not greasy.

# Epilation Line Pre and Post Wax

**ZERO %**

PARABENS, PARAFFINUM, SLS,  
PETROLATUM, SILICONES, SLES,  
HEAVY METALS, ANIMAL DERIVED.

## B-POWDER Pre and Post Hair Removal Velvety Powder *ZnO Tio2 Mg3*

*Format 200 gr.*

Pre-epilation velvety mineral powder cleans and prepares the skin by absorbing the residual wetness and by creating a protective barrier against the redness and irritations' formation. As post-epilation it has a soothing and healing action, by rebalancing dry, stressed, reddened or irritated skin. It leaves the skin soft and velvety, protecting it against external agents' aggressions.

THE SPECIAL  
FORMULA OF  
MINERALS  
EXTRACTED IN  
NATURE GIVES  
THE PRODUCT  
MANY  
PROPERTIES.

**PROTECTIVE:** It creates a barrier on skin, even the most sensitive, avoiding the formation of redness and irritations.

**SOOTHING:** It soothes irritated or red skin from multiple external agents.

**BALANCING:** It creates a lipid layer improving the state of dry, stressed or irritated derma.

**SOOTHING:** It moisturises the skin making it smooth and, serving as a dry lubricant, it prevents irritations by rubbing.

**UVA AND UVB BARRIER:** Contained minerals reflect and scatter solar radiations, moderately protecting the skin from harmful agents of the sun.

### **DIRECTION FOR USE:**

Used as pre-epilation product, it is able to "soften the skin" by preparing it to the tear, absorbing the residual wetness and providing the protective barrier necessary to prevent the redness and irritations' formation. Used as post-epilation product, it has a soothing, healing and skin rebalancing action, by protecting it from external pathogens' aggressions.

Pour on your hands away from face and apply on the skin. Shake before use. Do not inhale and keep out of children's reach. Avoid eyes contact. For external use only. Store in a cool and dry place.

*Format 500 ml.*

Product designed for the preparation of body skin to hair removal.

It absorbs and dries quickly and leaves the skin clean, soft and sanitized. Contains a delicate scent of Wild Fruits and Strawberry and Raspberry plant extracts for a moisturizing and protective action.

### RASPBERRY

The raspberry, containing polyphenylenes, plays an anti-inflammatory action, protects blood capillaries and soothes inflamed skin.

### STRAWBERRY

The strawberry is a natural antioxidant, able to fight free radicals.

#### **DIRECTION FOR USE:**

Spread a thin layer of gel and let it completely absorb through gentle circular motions.

## PRE-WAX PEPPERMINT GEL Peppermint - Menthol

*Format 500 ml.*

Product designed for the preparation of body skin to hair removal.

It absorbs and dries quickly and leaves the skin clean, soft and sanitized. With a fresh scent of mint and with Peppermint and Menthol extracts for a strong refreshing action.

## PEPPERMINT

The Peppermint essential oil has significant refreshing, toning, flavoring and purifying properties.

## MENTHOL

The Menthol has a cooling, decongestant and slightly analgesic effect (through the stimulation of a thermoreceptor present in the skin). It is also used to relieve the itchy and irritating states of skin.

### **DIRECTION FOR USE:**

Spread a thin layer of gel and let it completely absorb through gentle circular motions.

## PRE-WAX ALOE VERA GEL Aloe Vera - Marigold

*Format 500 ml.*

Product designed for the preparation of body skin to hair removal.

It absorbs and dries quickly and leaves the skin clean, soft and sanitized. Contains a delicate scent of Tea and Citrus fruits and Marigold and Aloe Vera plant extracts for a calming and soothing action.

## MARIGOLD

The active principles contained in the Marigold extract, the flavonoids in particular, exert an anti-inflammatory effect on the sensitive and inflamed skin, stimulate re-epithelialization and accelerate the epidermal turnover. They support the dermis fibroblasts' activity by promoting the synthesis of collagen. Particularly suitable for sensitive skins.

## ALOE VERA

Aloe Vera has healing, soothing and anti-reddening properties. The Aloe phytoconstituents stimulate the production of collagen and elastin, helping to counteract the effects of skin aging.

### **DIRECTION FOR USE:**

Spread a thin layer of gel and let it completely absorb through gentle circular motions.

## AFTER-WAX REFRESHING GEL Chamomile - Camphor - Menthol

*Format 250 ml. and 500 ml.*

After hair removal the body skin may be stressed, reddened or proven by hair tearing. This gel refreshes and rehydrates, leaving a feeling of well-being. The Calendula extract also plays a strong soothing action.

### CHAMOMILE

The Chamomile extract, thanks to its components (flavonoids such as apigenin, luteolin, quercetin, rutin and their glycosides) presents marked dereddening, soothing and decongestant properties. It stimulates the microcirculation's function and the fibroblasts' activity by promoting the synthesis of collagen, elastic fibers and hyaluronic acid. It exerts a strong remedial action of the epidermis and dermis.

### CAMPBOR

The camphor is rapidly absorbed by the skin, giving an immediate feeling of freshness and well-being. It has revulsive, toning and firming properties.

### MENTHOL

The Menthol has a cooling, decongestant and slightly analgesic effect (through the stimulation of a thermoreceptor present in the skin). It is also used to relieve the itchy and irritating states of skin.

## AFTER WAX NOURISHING FLUID CREAM Marigold - Blueberry

*Format 500 ml.*

After hair removal the body skin may be stressed, reddened or proven by hair tearing. This fluid cream refreshes and rehydrates, leaving a feeling of freshness and cleanliness. The Calendula and Blueberry extracts also play a strong soothing action.

### MARIGOLD

The active principles contained in the Marigold extract, the flavonoids in particular, exert an anti-inflammatory effect on the sensitive and inflamed skin, stimulate re-epithelialization and accelerate the epidermal turnover. They support the dermis fibroblasts' activity by promoting the synthesis of collagen. Particularly suitable for sensitive skins.

### BLUEBERRY

The Blueberry extract plays a soothing action on delicate and prone to redness skin, by protecting its balance, strengthening its natural defenses and improving its appearance. Suitable for the treatment of reddened, fragile and sensitive skins.

#### **DIRECTION FOR USE:**

Spread a thin layer of cream and let it completely absorb through gentle circular motions.

## AFTER-WAX NEUTRAL OIL Marigold

*Format 500 ml.*

After hair removal the body skin may be stressed, reddened or proven by hair tearing. This delicate oil nourishes and rehydrates the skin while soothing and mitigating redness, also leaving a delicate floral scent extended on the skin.

Particularly suitable for the removal of any wax residue.

## MARIGOLD

The active principles contained in the Marigold extract, the flavonoids in particular, exert an anti-inflammatory effect on the sensitive and inflamed skin, stimulate re-epithelialization and accelerate the epidermal turnover. They support the dermis fibroblasts' activity by promoting the synthesis of collagen. Particularly suitable for sensitive skins.

### **DIRECTION FOR USE:**

Spread a thin layer of oil and gently massage.

# Epilation Line Post Wax

## WILD FRUITS FLUID EMULSION Marigold - Blueberry

*Format 500 ml.*

Extraordinary emulsion based on Marigold and Blueberry plant extracts. It leaves the body skin smooth, soft, toned and perfumed. It helps to restore the proper level of hydration and it absorbs quickly. Used as after-wax it gives an immediate feeling of well-being. Also good as an after-bath cream for the whole body.

### MARIGOLD

The active principles contained in the Marigold extract, the flavonoids in particular, exert an anti-inflammatory effect on the sensitive and inflamed skin, stimulate re-epithelialization and accelerate the epidermal turnover. They support the dermis fibroblasts' activity by promoting the synthesis of collagen. Particularly suitable for sensitive skins.

### BLUEBERRY

The Blueberry extract prevents skin stress and relieves redness.

#### **DIRECTION FOR USE:**

Spread a layer of emulsion on the skin and gently massage until completely absorbed.

# Epilation Line Post Wax

SkinSystem  
Cosmetics

**ZERO %**

PARABENS, PARAFFINUM,  
PETROLATUM, HEAVY METALS,

## COCONUT FRAGRANCE FLUID EMULSION Black Mulberry - Mallow

*Format 500 ml.*

Extraordinary emulsion based on Black Mulberry and Mallow plant extracts. It leaves the body skin smooth, soft, toned and coconut perfumed. It helps to restore the proper level of hydration and it absorbs quickly. Used as after-wax it gives an immediate feeling of well-being. Also good as an after-bath cream for the whole body.

### MALLOW

The mallow sylvestris extract gives the emulsion incredible skin nourishing and moisturizing abilities, even for rather long time. He manages, indeed, to incorporate an extraordinary amount of water particles in a hydro-lipid layer and to release them gradually, providing the skin all the hydration provision it needs over time.

### BLACK MULBERRY

The black mulberry leaves' extract has known moisturizing and nourishing properties.

#### **DIRECTION FOR USE:**

Spread a layer of emulsion on the skin and gently massage until completely absorbed.

# Epilation Line Post Wax

## VANILLA FLUID EMULSION Vanilla - Chamomile

*Format 500 ml.*

Extraordinary emulsion based on Chamomile and Vanilla plant extracts.

It leaves the body skin smooth, soft, toned and perfumed. It helps to restore the proper level of hydration and it absorbs quickly. Used as after- wax it gives an immediate feeling of well-being.

Also good as an after-bath cream for the whole body.

## CHAMOMILE

The Chamomile extract, thanks to its components (flavonoids such as apigenin, luteolin, quercetin, rutin and their glycosides) presents marked dereddening, soothing and decongestant properties. It stimulates the microcirculation's function and the fibroblasts' activity by promoting the synthesis of collagen, elastic fibers and hyaluronic acid. It exerts a strong remedial action of the epidermis and dermis.

## VANILLA

The Vanilla essence exerts a restructuring, regenerating, purifying, hydrating, nourishing and enveloping action.

### **DIRECTION FOR USE:**

Spread a layer of emulsion on the skin and gently massage until completely absorbed.

## TIPS FOR A PROPER EPILATION

*Skin System enriches its range of cosmetics for professional use with the creation of an hair removal's specific treatment.*

*The products composing it, the result of modern cosmetic research, are functional to epilation as an aesthetic treatment and no longer to epilation as only a service.*

*The pre-wax line, composed of fine gels, is formed by functional dermo-regulating products aimed to prepare the skin for hair removal.*

*The several active ingredients composing them, allow to choose the most appropriate one according to the different types of skin or problems which the professional could meet.*

*They also play a sanitizing, soothing and adjuvant function in preventing the discomfort caused by hair tearing.*

*The post-wax line, formed by a variegated range of gels, creams, oils and emulsions, is intended to restore the hydrolipid balance functional to the epidermis, by bringing all the active ingredients and nutrients needed to rebalance the dermis in the next step of hair removal, as well as by being effective in the removal of any wax residue.*

*The treatment can be completed with the innovative retardant product, whose application mode makes it particularly effective.*

*SKIN SYSTEM and its mission: a "SKIN'S SYSTEM".... perfectly epilated, re-balanced, smooth and soft.*
